

§ 532.311

(2) For any dominant industry except “ammunition,” the job matches obtained from the specialized private industry include one regular survey job in the WG-01 through 04 range, one regular survey job in the WG-05 through 08 range, one regular survey job in the WG-09 and above range, and one special survey job in the WG-09 and above range all providing at least 20 unweighted samples each; and three other regular or special survey jobs, each providing at least 10 unweighted samples.

(3) For the dominant industry “ammunition,” the job matches obtained from the specialized survey industries include one regular survey job in the WG-01 through 04 range, one special survey job in the WG-05 through 08 range, and one regular survey job in the WG-09 through 15 range, all providing at least 20 unweighted samples each; and three other regular or special survey jobs, each providing at least 10 unweighted samples.

(b) Specialized private industry comparable to a nonappropriated fund dominant industry is adequate when:

(1) The total number of employees of private industry establishments similar to the dominant industry located in the survey are at least equal to the number of nonappropriated fund wage employees in positions which comprise the principal types of nonappropriated fund positions in the dominant industry who are subject to the wage schedules for which the survey is made; and

(2) The job matches obtained from all industries surveyed for regular survey jobs related to the dominant industry include one regular survey job in the NA-01 through 04 range providing at least 10 samples; and one regular survey job in the NA-05 through 15 range and one other regular survey job, each providing at least five samples.

§ 532.311 Survey of specialized private industry related to a dominant industry.

If it is determined that there are one or more dominant industries within a wage area, the lead agency shall insure that the survey includes the industries and survey jobs related to the dominant industries. When the related industry within the local wage survey

area fails to meet the criteria in § 532.309 of this subpart, the lead agency shall obtain data related to the dominant industry from the survey area of the wage area which is determined to be the nearest similar area which will provide adequate data under the criteria in § 532.309 of this subpart.

(b) For nonappropriated fund surveys, a lead agency must obtain prior approval of OPM to add a job not listed in § 532.223 of this subpart.

[55 FR 46180, Nov. 1, 1990]

§ 532.317 Use of data from the nearest similar area.

(a)(1) For prevailing rate employees other than those in the Department of Defense, the lead agency shall, in establishing the regular schedule under the provisions of this subpart, analyze and use the acceptable data from the nearest similar wage area together with the data obtained from inside the local wage survey area. The regular schedule for Department of Defense prevailing rate employees shall be based on local wage data only.

(2) The total number of job matches obtained from the nearest similar wage area shall be equal to the number required for adequacy in § 532.309(a) (2) and (3) of this subpart for appropriated fund surveys and § 532.309(b)(2) of this subpart for nonappropriated fund surveys.

(3) Data shall be selected for inclusion on the basis of the most populous survey jobs as determined by the weighted job matches found in the dominant industry in the selected reference area. In identifying survey jobs for which reference area samples will be included, the jobs required at limited grade ranges shall be selected before jobs in the unlimited grade range. When there is a tie in the selection procedure, the highest graded job shall be selected first.
